

DISPLAY BOARD CHECKLIST

Work through this the day before the fair. Your board is the first thing a judge sees, and a clear board shows your work in a way someone can follow in under a minute.

SPECIFICATIONS

- ☐ Tri-fold board, usually 36 inches by 48 inches
- ☐ Free-standing without leaning on anything
- ☐ Size checked against my competition's limits

REQUIRED CONTENT

- ☐ Project title, my name, school, and grade across the top
- ☐ Left panel: question, hypothesis, materials, procedure
- ☐ Center panel: data tables, graphs, photos of the experiment
- ☐ Right panel: results, conclusions, real-world applications, acknowledgments

READABILITY

- ☐ Body text is at least 16 point; headings are 24 point or larger
- ☐ The board reads from three feet away
- ☐ White space is left so the board does not feel crowded
- ☐ Color is used with restraint
- ☐ Graphics are printed at high quality, not pixelated
- ☐ Everything is proofread for spelling and grammar

PHOTOS AND GRAPHS

- ☐ Photos show me doing the experiment
- ☐ Every graph has a title and axis labels with units
- ☐ Data tables are readable, not shrunk to fit

DISPLAY BOARD CHECKLIST, CONTINUED

PROHIBITED, REMOVE BEFORE JUDGING

- ☐ Live or improperly preserved animals
- ☐ Chemicals of any kind
- ☐ Flames or fire
- ☐ Dangerous materials
- ☐ Unshielded batteries
