

PRESENTATION PRACTICE SCRIPT

Fill in each section, then practice out loud until you no longer need the page. Judges want to meet the scientist behind the board, so explain your board rather than reading it.

OPENING, 20 seconds

My name is _____. My project asks _____. I chose it because _____.

THE QUESTION AND WHY IT MATTERS, 30 seconds

Explain the problem behind your question and who would care about

WHAT I DID, 60 seconds

Name your independent variable, dependent variable, controls, and

WHAT I FOUND, 60 seconds

Give your key numbers out loud. Point to your graph while you say

WHAT IT MEANS, 45 seconds

State whether the hypothesis was supported and what the result sug

WHAT I WOULD DO NEXT, 25 seconds

One improvement and one follow-up experiment.
