

FINAL PROJECT RUBRIC

Score the finished work: results, conclusion, written report, and display board. This rubric mirrors the weighted criteria judges use, so a strong score here predicts a strong score at the fair.

USE AT WEEKS 11 TO 13, DEPENDING ON GRADE BAND

CRITERION	4 EXCEEDS	3 MEETS	2 APPROACHING	1 BEGINNING
Data and results	Data is complete across all trials, accurately averaged, and presented in a clear table.	Data is complete and presented in a table.	Data has gaps or the table is hard to read.	Data is missing or does not match the procedure.
Graphs	Graph type fits the data, axes are labeled with units, and the scale is honest.	Graph is appropriate and axes are labeled.	Graph is present but mislabeled or the wrong type for the data.	No graph.
Conclusion, CER format	States a claim, cites specific evidence, and explains the reasoning connecting the two.	States a claim with evidence and some reasoning.	States what happened without connecting evidence to a claim.	No conclusion, or a conclusion the data does not support.
Honesty about results	Clearly states whether the hypothesis was supported and discusses limitations openly.	Clearly states whether the hypothesis was supported.	Result is stated but hedged or unclear.	Results are overstated or changed to match the hypothesis.
Written report	All required sections are present, formatted correctly, and cited in MLA or APA throughout.	All required sections are present and sources are cited.	Sections are missing or citations are incomplete.	Report is missing or largely uncited.
Display board	Board follows the layout, reads in under a minute, and is proofread and free of prohibited items.	Board follows the layout and is readable.	Board is crowded, hard to read, or missing required sections.	Board is incomplete or includes prohibited items.
